DRINK MENU

SIGNATURE MATCHA

We are proud to offer the Best Japanese Matcha, a top level matcha grades to best fit the needs of our customers. It will cleanse and calm your very core essence. With one sip of soothing, velvety matcha tea, its natural properties will penetrate your soul and body. Matcha contains the nutrients from the entire tea leaf, which results in a greater amount of antioxidants than typically found in green tea. Studies of matcha and its components have unearthed a variety of benefits, showing that it can help protect the liver, promote heart health, and even aid in weight loss.
